REFERENCE: SGAA-15227, 27 April 1955, DIR 24080, 4 Nov. 1954  
DIR 46902, 7 April 1955, C-7-0016, 31 Mar. 1955.

2-6-3-294 and all others IN 2-6-3-294 and all others  
1. With regard to your request first reference, it is Headquarters  
belief that the position taken with the RUMBLE case and stated in second  
reference paragraph 4 and in third reference should be the general basis for  
any settlement with the other agents falling in the RUMBLE category. The  
commitment to the agents involved (ENDOCTOR, ENDOMAIN, ENDMAIL, IDENTITY 1,  
IDENTITY 2), as it was understood by Headquarters and verified by field in  
4th reference, was the basis for the \$1750 settlement made with RUMBLE.  
Also, in the 4th reference field reported that the \$1750 payment was the  
minimum sum acceptable to ENDMAIL and RUMBLE. However, upon

return to Headquarters, he stated that it was quite possible that a lesser sum would be acceptable to RTRIGA for the other agents still in Yugoslavia.

2. In view of the above it is suggested that [ ] bring up the question of the remaining agents in Yugoslavia and alert HTNFIW that it is quite possible that the other agents may not receive as large a settlement as RNDTECT. HTNFIW should be informed that the agents involved had more than sufficient time to escape from Yugoslavia, and in the case of two agents, RNDOMAIN + [ ] , reports were received that Yugoslavia had bestowed upon them all the privileges and rights of Yugoslav citizens and that they were residing with either friends or relatives there.

3. It is further suggested that two courses of action be presented to HTNIGH during [ ] next visit to Rome; A flat payment of \$500 to each of the 5 agents involved ( a sum recommended by [ ] to initiate the discussions) or a settlement based on the merits of each case.

HTN/EIGN should be made aware that if the second course of action mentioned above is insisted upon, the settlements granted each agent will be determined only after a thorough debriefing is conducted for the purpose among other things to ascertain: a. If subjects performed their mission and remained loyal to HTN/EIGN and b. If there was any willingness on their part to remain in Yugoslavia as long as they have.

4. Headquarters approval should be requested before any payments are made to subjects. Upon such request a special project or an amendment to an existing project will have to be prepared and approved by the appropriate Headquarters office to cover the expenditures involved. The above action is necessitated because of the termination of Project CROPUS at the end of F/Y 1955.

5. Your views on the above suggestions are requested.
